

Testing Week

NEW to CSA Kids are Quarterly Athlete Evaluations (AKA Testing Week)! During Testing Week, athletes will be evaluated during class with their provided pass of charts for mobility. Testing Week applies to all classes and is not for the competitive team.

It is very important that your athlete attends their scheduled class during Testing Week to accurately chart their progressions and level them up accordingly. Move Ups **WILL NOT** happen until testing has taken place. Those who are new or returning to our program are encouraged to contact us to schedule an evaluation.
